

Mathematics Professional Development for Teaching and Learning at Key Stage 3

The course is run by seven leads who have been selected for their excellence in maths teaching and learning and their commitment to improving maths education.

Deb Friis	Subject Leader St Paul's Catholic College, Burgess Hill
Dawn Denyer	Assistant Headteacher and Subject Leader at St Wilfrid's School, Crawley
Kevin Cunningham	Deputy Subject Leader at Blatchington Mill, Brighton
Cindy Hunt	Subject Leader Davison High School, Worthing
Grainne Byrd	Subject Leader Chatsmore High School, Worthing
Phil Daniell	Deputy Subject Leader at St Paul's Catholic College, Burgess Hill
Maria Stewart	Subject Leader St Andrew's High School, Worthing and SLE (Maths) St Paul's CC

The course is designed for non-subject specialists to teach maths more confidently and actively at KS3. It is aimed at those who want to teach KS3 in the future, or who are teaching KS3 but feel in need of some CPD.

Each **TWO** hour session will aim to develop subject knowledge confidence in the topics covered. This will then be used to devise active teaching and learning tasks that are classroom based. In between sessions, you will be encouraged to implement what you have covered in your own teaching. **This course is free.**

All sessions run from 1.30pm to 3.30pm

Session 1 - Number

Course Leader	Deb Friis	Location	St Paul's Catholic College	Date	11 th March
---------------	-----------	----------	----------------------------	------	------------------------
