

## Maths Leadership Development for Aspiring and New Subject Primary and Secondary Leaders

This is a 6 session course run by four established subject leaders (or former subject leaders) with over 70 years teaching experience between them (and over 50 years of leadership experience).

|                 |  |
|-----------------|--|
| Ralph Butcher   | Subject Leader Tanbridge House School; former LEA adviser; former Deputy Headteacher |
| Dawn Denyer     | Assistant Headteacher and Subject Leader at St Wilfrid's School, Crawley             |
| Julie Pritchard | Assistant Headteacher, SLE (Maths) at Imberhorne                                     |
| Liam Wegg       | Subject Leader and SLE (Maths) Millais School  |

Each session will last for two hours with some time afterwards for networking.

The course is designed to aid aspiring or new subject leaders to improve some of the key skills required in leading mathematics teams. Each session will have a small task assigned to it to be completed between sessions (optional). There will be a pre-task for the first session.

There will also be an online community for participants to share their ideas and research. **This course is free.**

All sessions run from 2pm to 4pm

### ***Session 1 - "What is leadership?"***

|               |                 |          |               |      |              |
|---------------|-----------------|----------|---------------|------|--------------|
| Course Leader | Julie Pritchard | Location | Millais MITEX | Date | 20th January |
|---------------|-----------------|----------|---------------|------|--------------|

### ***Session 2 - Promoting teaching and learning through curriculum meetings***

|               |           |          |               |      |               |
|---------------|-----------|----------|---------------|------|---------------|
| Course Leader | Liam Wegg | Location | Millais MITEX | Date | 26th February |
|---------------|-----------|----------|---------------|------|---------------|

### ***Session 3 - Supporting Colleagues through Observation and Feedback.***

|               |               |          |               |      |            |
|---------------|---------------|----------|---------------|------|------------|
| Course Leader | Ralph Butcher | Location | Millais MITEX | Date | 10th March |
|---------------|---------------|----------|---------------|------|------------|

### ***Session 4 - Effective networking and professional development for leaders and communities***

|               |             |          |               |      |            |
|---------------|-------------|----------|---------------|------|------------|
| Course Leader | Dawn Denyer | Location | Millais MITEX | Date | 23rd April |
|---------------|-------------|----------|---------------|------|------------|

### ***Session 5 Ensuring consistency and demonstrating progress through Teaching and Learning***

|               |               |          |               |      |          |
|---------------|---------------|----------|---------------|------|----------|
| Course Leader | Ralph Butcher | Location | Millais MITEX | Date | 12th May |
|---------------|---------------|----------|---------------|------|----------|

### ***Session 6 - Leadership/monitoring of tracking, progression and intervention in mathematics***

|               |           |          |               |      |           |
|---------------|-----------|----------|---------------|------|-----------|
| Course Leader | Liam Wegg | Location | Millais MITEX | Date | 23rd June |
|---------------|-----------|----------|---------------|------|-----------|
